SUMMARY

Aspiring developer driven by a passion for game development and a growing interest in cybersecurity. With a proven track record in project creation, I am a highly motivated learner dedicated to expanding my skill set and contributing to innovative projects.

EDUCATION

De La Salle University - Dasmaringas | Bachelor of Science in Computer Science

- 2023 - Present
- Specialization in Game Development
- Ongoing Thesis titled "Iris: A narrative driven visual novel simulating social reconnection while navigating graduation"
- Relevant Coursework: Software Engineering, Game Design and Development, Computer Animation and Simulation Automata Theory and Languages, and Discrete Structures.
- Scholar & Student Assistant: Successfully balancing part-time professional duties with a full-time academic schedule.

De La Salle University - Dasmaringas | Senior High School TVL-ICT Strand

- 2021 - 2023
 - Specialized in Information and Communications Technology with a focus on programming fundamentals and digital media.
 - Thesis on "An assessment on streaming services through binge watching and its relationship to perceived stress"
 - Relevant Coursework: Programming 1-4, Object Oriented Programming, Introduction to Java, and Introduction to Python.
 - Graduated with High Honours
-

TECHNICAL SKILLS

- **Game Development Engines:** Experienced in game engines such as but not limited to: GameMaker Studio 2 and Godot.
- **Programming Languages:** Experienced in languages such as but not limited to: Java, Python, HTML, and MySQL.
- **Game Design & Logic:** Created algorithms for narrative-driven mechanics, branching dialogue systems, bond/relationship counters, and time-based gameplay triggers.

- **Project Management & Workflow:** Experienced in managing independent development pipelines, organizing project milestones, and coordinating team assets and documentation.
- **Security & System Basics:** Familiar with fundamental security concepts, network configuration basics, and maintaining secure digital environments.
- **Languages:** Native fluency in Tagalog and professional proficiency in English (TOEIC Certified: B2).

Key Projects

Project LL | Narrative-Driven Visual Novel Puzzle Game **2026 - Present**

Project Manager & Lead Programmer

- Project Oversight: Directing the full development lifecycle of Project LL.
- Lead Programmer: Acting as lead programmer for the rest of the full development cycle.

Iris | Narrative-Driven Visual Novel **2025 - Present**

Project Manager & Lead Programmer

- Project Oversight: Directing the full development lifecycle of Iris.
- Lead Programmer: Programmed core game logics and architectural systems in Godot.

Roman Empire | Narrative-Driven Visual Novel Puzzle Game **2026**

Secondary Programmer, Storywriter, & Documentation

- Secondary Programmer: Programmed the prototype for main and pause menus.
- Storywriter: Wrote the one shot story of Roman Empire.
- Documentation: Authored all documentation regarding Roman Empire.

Marshmallow 3D | 3D Maze Game **2026**

Project Member

- Audio Integration: Implemented audio to certain player moves.
- Win-Condition Logic: Developed the "Finish" state, integrating triggers and transition logic.

Marshmallow 2D | 2D Maze Game **2026**

Project Member

- Map Design: Created the final level for Marshmallow 2D

Battle City | Top Down Tank Game **2025**

Project Manager

- Lead Programmer: Acted as lead programmer for the whole development cycle.

archvr | Local Movie Database Website Tracker **2025**

Project Manager & Lead Programmer

- API Integration: Spearheaded the end-to-end development of the platform, successfully integrating the IMDb API to automate the retrieval of real-time movie metadata.

Filo Type | HTML-based Typing Platform with Local Language Database **2023**

Project Manager

- Conceptual Design & Localization: Pioneered the core program vision by identifying a niche for localized typing tools, specifically implementing a Filipino-language dictionary to enhance relevance for local users.
- Project Documentation: Authored a detailed technical documentation about everything regarding Filo Type.

Hangman | Python-based Hangman Game

2022

Project Member

- Technical Documentation: Authored the comprehensive project documentation.

Medicine Inventory Management System | Java-based Inventory System

Project Head

- Project Leadership & Oversight: Spearheaded the development lifecycle of a centralized medicine tracking system using Java.
- Technical Documentation: Authored a comprehensive system documentation.
- Video Presenter: Acted as the lead presenter for video documentation.

Snake Game | Java-based Snake Game

2021

Project Member

- Technical Documentation: Authored comprehensive system documentation.
- Video Presenter: Acted as the lead presenter for video documentation.

Work Experience

DLSU-D HMD Secretary Office

2025 - Present

Student Assistant

- Administrative Support: Experienced filling and managing departmental documents and records.
- Front-Facing Service: Provided high-quality assistance to students and visitors, resolving simple inquiries.
- Operational Efficiency: Assisted in the daily operations of the office.
- Technical Assistance: Provided basic troubleshooting for office hardware and software as per my supervisor's request.

DLSU-D & Global Knowledge Work Immersion

2023

Team Leader for Information Systems Group

- Leadership & Team Management: Served as the Team Leader overseeing the development and management of all courses made by the team during the immersion period.
- Content Management & Publication: Organized and contributed to the publication of numerous educational courses on the GK College Academy's online platform.

EXTRACURRICULARS

Valorant Interdepartmental Tournament | 4th place

2026

- Team Coordination: Collaborated with departmental teammates to develop tactical strategies and real-time communication during competitive play.

- Strategic Analysis: Analysed game mechanics and opponent patterns to adapt team compositions and in-game decision-making.

Chasing Victories Valorant Tournament | Preliminaries 2025

- Team Management: Spearheaded the team registration process and managed all pre-match requirements to ensure tournament eligibility.

DLSU-D Volleyball Varsity 2021 - 2023

- Reserve Setter: Acted as the reserve setter for the DLSU-D Volleyball Boys Varsity
- Head Coach: Acted as the head coach for the House of Brother Solomon's Volleyball Boys Team
- Manager: Acted as the manager for the House of Brother Solomon's Volleyball Girls Team

ICT21 & ICT11 2021 - 2023

- Vice President (ICT11/ICT21): Served as the elected Vice President for two consecutive academic cycles.
- Organized and contributed to classroom events led by the classroom officers such as but not limited to "ICT11 self care game-nights" and "ICT21 year-end party".

Lasallian Peer Facilitators 2019 - 2023

- Member of Lasallian Peer Facilitators S.Y. 2018 - 2019
- Member of Special Acts Committee in Lasallian Peer Facilitators S.Y. 2022 2023

CERTIFICATES

Global Knowledge

- Certificate of Completion for accomplishing their part in the ICT Project: GKDEMY - Higher Education for Everyone.
- Certificate of Attendance in the 8-Day Work Immersion Training at GK College of Business, Arts, and Technology.
- Best in Team Management during their part in the ICT Project: GKDEMY - Higher Education for Everyone.

Tesda

- English for Business and Entrepreneurship
- Exercising Sustainable Development in the Workplace
- Microsoft Digital Literacy
- Orienting Oneself to Environmentally Sustainable Work Standards
- Participating in Workplace Communication
- Performing Solid Waste Management in the Workplace
- Receiving and Responding to Workplace Communication
- Smart Android Mobile Apps Development for Beginners
- Smart Technopreneurship 101
- Wi-Fi 101 and Digital Thumbprint Program

Cisco/NetAcad

- Cybersecurity Essentials
- Get Connected

- Introduction to Cybersecurity
- NDG Linux Essentials

TOEIC

- TOEIC Certificate - Score: 925 (B2 Working Proficiency)

Department of Tourism

- Filipino Brand of Service Excellency (FBSE)
